No store or business, no gas or automobile service station, and no flat, duplex, condominium or apartment house, though intended for residence purposes, shall be erected or maintained on a Lot within the Property. ARTICLE IX ARCHITECTURE AND LANDSCAPING

Section 1: General Requirement for Prior Approval: No structure shall be placed, erected, or installed on any portion of the Properties, no alterations of or additions to the existing landscaping, and no improvements (including staking, clearing, excavation, grading, and other site work, and exterior alteration of existing improvements) shall take place within the Properties except in compliance with this Article and the Design Guidelines. In addition to the construction of dwellings and other buildings, it is specifically intended that placement or posting of other structures (e.g., fences, signs, basketball hoops, and artificial vegetation) on the exterior of any Unit or other portion of the Properties shall be regulated by this Declaration and the Design Guidelines and require the approval of the appropriate Reviewer.

Modifications to the interior of screened porches, patios, and similar portions of a Unit visible from outside the structures on the Unit shall be subject to this Article. No approval shall be required to repaint the exterior of a structure in accordance with the originally approved color scheme or to rebuild in accordance with originally approved plans and specifications. This Article shall not apply to Declarant's activities or to improvements to the Common Area by or on behalf of the Association.

Section 2: Architectural Review:

(a) By Declarant. Until 100% of the Properties have been developed and conveyed to Owners other than Builders, the Declarant retains the right to exercise architectural review under this Article. There shall be no prior surrender of this right except as provided in this Section. Each Owner or occupant, by accepting any interest in any portion of the Properties, acknowledges that, as the developer and as an Owner of portions of the Properties as well as other real estate within the vicinity of the Properties, Declarant has a substantial interest in ensuring that the improvements within the Properties preserve and enhance the general plan of development for Redmont Trace and do not impair the Declarant's ability to market, sell, or lease its property. Therefore, each Owner agrees that no activity within the scope of this Article ("Work") shall be commenced unless and until the Declarant or its designee has given its prior written approval for such Work, which approval may be granted or withheld in the sole discretion of Declarant or its designee.

In reviewing and acting upon any request for approval, Declarant or its designee shall act solely in Declarant's interest and shall owe no duty to any other Person. Declarant's rights reserved under this Article shall continue so long as Declarant owns any portion of Redmont Trace and or any real property adjacent to Redmont Trace, unless earlier terminated in a written instrument executed and recorded by Declarant in the Official Records.

Declarant may, in its sole discretion, designate one or more Persons from time to time to act on its behalf in reviewing applications hereunder. Additionally, Declarant may from time to time, but shall not be obligated to, delegate all or a portion of its reserved rights under this Article to an Architectural Review Committee appointed by the Board (the "ARC"). Any such delegation shall be in writing, specifying the scope of responsibilities delegated, and shall be subject to (i) Declarant's right to revoke such delegation at any time and reassume jurisdiction over the matters previously delegated; and (ii) Declarant's right to veto any decision which Declarant determines, in its sole discretion, to be inappropriate or inadvisable for any reason. So long as Declarant has any rights under this Article, jurisdiction of the foregoing entities shall be limited to such matters as are specifically delegated to it by Declarant.

(b) Architectural Review Committee. Upon delegation by Declarant or upon expiration or termination of Declarant's rights under this Article, the Association, acting through the ARC, shall assume jurisdiction over architectural matters hereunder. The ARC, when appointed, shall consist of at least three, but not more than seven, persons who shall serve and may be removed and replaced in the Board's discretion. Members of the ARC need not be Members of the Association or representatives of Members, whose compensation, if any, shall be established from time to time by the Board.

Unless and until such time as Declarant delegates all or a portion of its reserved rights to the ARC or Declarant's rights under this Article terminate, the Association shall have no jurisdiction over architectural matters.

(c) Fees; Assistance. For purposes of this Article, the entity having jurisdiction in a particular case shall be referred to as the "Reviewer." The Reviewer may establish and charge reasonable fees for review of applications hereunder and may require such fees to be paid in full prior to review of any application. Such fees may include reasonable costs incurred in having any application reviewed by architects, engineers or other professionals. Declarant and the Association may employ architects, engineers, or other persons as deemed necessary to perform the review. The Board may include the compensation of such persons in the Association's annual operating budget as a Common Expense.

Section 3: Guidelines and Procedures.

(a) Design Guidelines. Declarant has prepared or shall prepare the initial Design Guidelines, which shall apply to construction and landscaping activities within the Properties. The Design Guidelines shall contain general provisions applicable to all of the Properties, as well as specific provisions which vary from one portion of the Properties to another depending upon location, unique characteristics, intended use, the Master Plan, and any other applicable zoning ordinances. The Design Guidelines are intended to provide guidance to Owners regarding matters of particular concern in considering applications hereunder. The Design Guidelines are not the exclusive basis for decisions of the Reviewer, and compliance with the Design Guidelines does not guarantee approval of any application.

As long as it owns any portion of the Properties or has a right to annex any property, Declarant shall have sole authority to amend the Design Guidelines from time to time in its discretion. Thereafter, the ARC shall have authority to amend the Design Guidelines, with the Board's consent. Amendments to the Design Guidelines shall not apply to require modifications to or removal of structures previously approved once the approved construction or modification has commenced. There shall be no limitation on the scope of amendments to the Design Guidelines; Declarant is expressly authorized to amend the Design Guidelines to remove requirements previously imposed or otherwise to make the Design Guidelines more or less restrictive in whole or in part.

The Association shall make the Design Guidelines available to Owners and Builders who seek to engage in development or construction within the Properties, and all such Persons shall conduct their activities in accordance with such Design Guidelines. In Declarant's discretion, the Design Guidelines may be recorded in the Official Records, in which event the recorded version, as it may be amended from time to time, shall control in the event of any dispute as to which version of the Design Guidelines was in effect at any particular time.

All structures and improvements constructed upon a Unit shall be constructed in strict compliance with the Design Guidelines in effect at the time the plans for such improvements are submitted to the Reviewer, unless the Reviewer has granted a variance in writing. So long as the Reviewer has acted in good faith, its findings and conclusions with respect to appropriateness of, applicability of, or compliance with the Design Guidelines and this Declaration shall be final.

(b) Procedures. Prior to commencing any activity within the scope of this Article, an Owner shall submit an application for approval of the proposed work to the Reviewer. Such application shall be in the form required by the Reviewer and shall include plans and specifications ("Plans") showing site layout, structural design, exterior elevations, exterior materials and colors, signs, landscaping, drainage, lighting, irrigation, fencing, utility facilities layout and screening and/or fencing therefore, and other features of proposed construction, as required by the Design Guidelines and as applicable. The Reviewer may require submission of such additional information as it deems necessary to consider any application.

In reviewing each submission, the Reviewer may consider whatever reasonable factors it deems relevant, including, but not limited to, visual and environmental impact, natural platforms and finish grade elevation, harmony of external design with surrounding structures and environment, and architectural merit. Decisions may be based purely on aesthetic considerations. Each Owner acknowledges that determinations as to such matters are purely subjective and opinions may vary as to the desirability and/or attractiveness of particular improvements. Approval by the Reviewer shall be required prior to pursuing or gaining any required approvals from the local governing bodies.

The Reviewer shall, within 30 days after receipt of a completed application and all required information, respond in writing to the applicant at the address specified in the application. The response may (i) approve the application, with or without conditions; (ii) approve a portion of the application and disapprove other portions; or (iii) disapprove the application. The Reviewer may, but shall not be obligated to, specify the reasons for any objections and/or offer suggestions for curing any objections. In the event the Reviewer fails to advise the submitting party by written notice within the period specified,

approval shall be deemed to have been given. However, no approval, whether expressly granted or deemed granted pursuant to the foregoing, shall be inconsistent with the Design Guidelines and Community-Wide Standard unless a variance has been granted. Notice shall be deemed to have been given at the time the envelope containing the response is deposited with the U.S. Postal Service. Personal delivery of such written notice shall, however, be sufficient and shall be deemed to have been given at the time of delivery to the applicant.

If construction does not commence on a project for which Plans have been approved within 120 days of such approval, such approval shall be deemed withdrawn, and it shall be necessary for the Owner to resubmit the Plans to the Reviewer for reconsideration. If construction is not completed on a project for which Plans have been approved within the period set forth in the Design Guidelines or in the approval, such approval shall be deemed withdrawn, and such incomplete construction shall be deemed to be in violation of this Article.

Section 4: No Waiver of Future Approvals. Each Owner acknowledges that members of the Reviewer will change from time to time and that interpretation, application, and enforcement of the Design Guidelines may vary accordingly. Approval of proposals, plans and specifications, or drawings for any work done or proposed, or in connection with any other matter requiring approval, shall not be deemed to constitute a waiver of the right to withhold approval as to any similar proposals, plans and specifications, drawings, or other matters subsequently or additionally submitted for approval. Should the Reviewer permit nonconforming improvements through hardship or error, it shall not be construed as a waiver of future enforcement rights or permission for future noncompliance.

Section 5: Variances. The Reviewer may authorize variances in writing from its guidelines and procedures but only: (i) in accordance with duly adopted Rules and Regulations, (ii) when unique circumstances dictate, such as unusual topography, natural obstructions, hardship or aesthetic or environmental considerations, and (iii) when construction in accordance with the variance would be consistent with the purposes of the Declaration and compatible with existing and anticipated uses of adjoining properties. Inability to obtain or the terms of any governmental approval or the terms of any financing shall not be considered a hardship warranting a variance. Notwithstanding the above, the ARC may not authorize variances without the written consent of Declarant, as long as it owns any portion of the Properties or has a right to annex any property pursuant to Section 9. 1.

Section 6: Limitation of Liability. Review and approval of any application pursuant to this Article is made on the basis of aesthetic considerations only, and Declarant, the Association, the Board, the ARC, or any member of the foregoing, shall not bear any responsibility for ensuring the structural integrity or soundness of approved construction or modifications, or for ensuring compliance with building codes and other governmental requirements. Declarant, the Association, the Board, the ARC, or any member of any of the foregoing shall not be held liable for any injury, damages, or loss arising out of the manner or quality of approved construction on or modifications to any Unit. In all matters, the ARC and its members shall be defended and indemnified by the Association as provided in the By-Laws.

Section 7: Enforcement. All approvals granted hereunder shall be deemed conditioned upon completion of all elements of the approved work and all work previously approved with respect to the same Unit, unless approval to modify any application has been obtained. The Association shall be primarily responsible for enforcement of this Article. If, however, in Declarant's discretion, the Association fails to take appropriate enforcement action within a reasonable time period, Declarant, for so long as it owns any portion of the Properties or has a right to annex property pursuant to Section 9.1, shall be authorized to exercise any enforcement rights which could have been exercised by the Association.

ARTICLE X MAINTENANCE AND REPAIR

Section 1: Level of Maintenance Required. Redmont Trace shall be maintained in a manner consistent with the Community-Wide Standard and all applicable covenants. Maintenance, as used in

this Article, shall include, without limitation, repair and replacement as needed, as well as such other duties, including irrigation, as the Board may determine necessary or appropriate to satisfy the Community-Wide Standard. As long as it owns any property described on Exhibits "A" or "B" or until it earlier determines, Declarant and, thereafter, the Board, may establish a higher Community-Wide Standard for portions of the Properties that are environmentally sensitive or that provide a greater than usual aesthetic value and may require additional maintenance for such areas to reflect the nature of such property.

Notwithstanding anything to the contrary contained herein, the Association, any Owner, or any other entity responsible for the maintenance of a portion of the Properties shall not be liable for property damage or personal injury occurring on, or arising out of the condition of, property which it does not own unless and only to the extent that it has been negligent in the performance of its maintenance responsibilities.

Section 2: Owner's Responsibility. Each Owner shall maintain his or her Unit in a manner consistent with the Community-Wide Standard and all applicable covenants and Use Restrictions, unless such maintenance responsibility is otherwise assumed by or assigned to the Association pursuant to any Supplemental Declaration or other declaration of covenants applicable to such Unit. Owners shall be responsible to maintain the sidewalks and landscaping in the public right of way located on the front of the Unit. Owners shall maintain all landscaping installed on the Unit by the Builder.

In addition to any other enforcement rights provided for in the Governing Documents, if an Owner fails properly to perform his or her maintenance responsibility, the Association may perform such maintenance responsibilities and assess the Owner all costs incurred. The Association shall afford the Owner reasonable notice and an opportunity to cure the problem prior to entry, except when entry is required due to an emergency situation.

Section 3: Redmont Trace's Responsibility. By Supplemental Declaration or upon Board resolution, Owners of Units within Redmont Trace shall be responsible for paying, through Association Assessments, the costs of operating, maintaining, and insuring certain portions of the Area of Common Responsibility within Redmont Trace. This may include, without limitation, costs of maintaining any signage, entry features, right-of-way, and open space between the Units within Redmont Trace and adjacent public roads and private streets within Redmont Trace, regardless of ownership and regardless of the fact that such maintenance may be performed by the Association.

The Association may, but shall not be obligated to, assume maintenance responsibility for property within Redmont Trace, in addition to any property which the Association is obligated to maintain by this Declaration or any Supplemental Declaration, either by agreement with the Redmont Trace Association or because, in the opinion of the Board, the level and quality of service then being provided is not consistent with the Community-Wide Standard. All costs of such maintenance shall be assessed as a Redmont Trace Assessment against Units within Redmont Trace to which the services are provided.

ARTICLE XI EASEMENTS

Declarant reserves the right to locate, construct, erect, and maintain, or cause to be located, constructed, erected and maintained, in and on the Common Areas and the areas indicated on any plat of an area within the Subdivision as easements, sewer and other pipeline conduits, poles and wires, and any other method of conducting or performing any quasi-public utility function above or beneath the surface of the ground, with the right of access at any time to the same for the purpose of repair and maintenance.

The Owner of any Lot abutting the Common Areas who must, in order to avail himself or herself of utilities, enter and/or cross a Common Area, shall have an easement to do so provided that said Owner shall use the most direct feasible route in entering upon and crossing said Common Area, and shall

restore the Common Area so entered and/or crossed to its original condition, at the sole expense of the Owner.

**ARTICLE XII
REARRANGING, RE SUBDIVIDING OR RE PLATTING**

No rearranging, re-subdividing or re-platting of any portion or all of the Property may be done without the prior written consent of Declarant.

**ARTICLE XIII
ACKNOWLEDGEMENT OF SECURITY GATE
AND CONTROLLED ACCESS - RELEASE OF LIABILITY.**

The Owner of each Lot, on their own behalf, and on behalf of their families, guests, tenants, invitees, successors and assignees, does acknowledge that the Developer, Owners' Association and/or the Board of Directors will install and maintain a security gate controlling access to Redmont Trace by Owners and the public and that such security gate might effect and/or delay or prevent the timely response of police, ambulance, fire and other emergency personnel and services to locations within Redmont Trace. In consideration of the privacy and security afforded by the security gate, each Owner, for himself, his family, his guests, lessees, invitees, heirs, successors and assigns, covenants and agrees, concurrent with acquisition of an equitable or legal interest in a Lot, to release and hold harmless the Developer, Owners' Association, Board of Directors, and the individual Owners, from any and all injuries, claims, causes of action, liabilities or other losses incurred by such Owner, his family, guests, tenants or invitees, arising from or associated with the security gate and/or the proper functioning of the security gate. In addition, it is the intent of the Developer that the gates will not be manned.

**ARTICLE XIV
RIGHT TO ENFORCE**

The restrictions contained in these Declarations shall run with the land, touch and concern the land, and bind the Owners, their successors and assigns, and all parties claiming by, through or under them shall be taken to hold, agree and covenant with the Owners of the Lots, their successors and assigns, and with each of them, to conform to and to observe and follow these Declarations. The Association, or any Owner, shall have the right to sue for and obtain an injunction, or for prohibitive or mandatory relief, to prevent the breach of these Declarations or to enforce the restrictions contained in these Declarations, or to seek damages for the violation of the restrictions contained in these Declarations. Failure or refusal by the Association to act to correct, prevent or seek compensation for any violation of the restrictions contained in these Declarations shall in no event be deemed a waiver of the right to do so thereafter, irrespective of the number of violations. No cause of action shall accrue against the Association or against Declarant or its agents in the event of the invalidity of any provision of these Declarations, or for failure or refusal of the Association or Declarant to enforce a provision hereof. This Article XIV of these Declarations may be pleaded and shall stand as a full bar to the maintenance of any litigation brought against Declarant or the Association for the failure or invalidity of any provision of these Declarations, or for failure or refusal of the Association or Declarant to enforce a provision hereof.

**ARTICLE XV
RIGHT TO ASSIGN**

Declarant may assign or convey to any Person any or all of the rights, powers, reservations, easements, exemptions and privileges reserved to Declarant in these Declarations, and upon the making of such assignment or conveyance, Declarant's assigns or grantees may, at their option, exercise, enforce, transfer or assign all or any such rights, reservations, easements and privileges, at any time or times in the same way and manner that Declarant may under this Article XV.

**ARTICLE XVI
JUDGMENT CONCLUSIVE**

Until such time as the Class "B" membership expires, all decisions made by Declarant under the authority conveyed or reserved to it by these Declarations shall in all cases be final and conclusive, and its judgment and determination thereof shall be final and binding on all Owners.

**ARTICLE XVII
DURATION**

Except where otherwise provided for in these Declarations, all of the restrictions set forth herein shall continue and be binding upon Declarant and all Owners, and upon their successors, assigns and grantees, for a period of twenty one (21) years from the date of this instrument, and shall automatically be extended thereafter for successive periods of ten (10) years. So long as the Class B membership remains in existence, a vote of nine-tenths (9/10) of the entire membership shall be required to amend or vacate these Declarations. After the termination of the Class B membership, the Owners of three fourths (3/4) of the Lots may by a written instrument signed by all of such Persons, vacate, amend or modify all or any part of these Declarations. Any such amendment must be filed of record in the land records of Oklahoma County, State of Oklahoma to be effective.

**ARTICLE XVIII
SEVERABILITY**

Invalidation of any provision of these Declarations by a court, tribunal or federal or state municipal authority shall in no way affect or invalidate any other provision of these Declarations, all of which shall remain in full force and effect. Anything in Article XVIII of these Declarations to the contrary notwithstanding Declarant hereby reserves and is granted the right and power to record a special amendment to these Declarations at any time and from time to time which amends these Declarations (i) to comply with requirements of the Federal National Mortgage Association, the Government National Mortgage Association, the Federal Home Loan Mortgage Corporation, the Department of Housing and Urban Development, the Federal Housing Association, the Department of Veteran's Affairs, or any other governmental agency or any other public, quasi-public or private entity which performs (or may in the future perform) functions similar to those currently performed by such entities and/or (ii) to induce any of such agencies or entities to make, purchase, sell, insure, or guarantee first mortgages covering Lots or improvements thereon. In furtherance of the foregoing, a power coupled with an interest is hereby reserved and granted to Declarant to make or consent to a special amendment on behalf of each Owner.

Each deed, mortgage, trust deed, other evidence of obligation or other instrument affecting a Lot and the acceptance thereof shall be deemed to be a grant and acknowledgment of, and a consent to the reservation of, the power of Declarant to make, execute, and record special amendments in accordance with this Article XVII. No special amendment made by Declarant shall affect or impair the lien of any first mortgage upon a lot or any warranties made by an Owner or first mortgagee in order to induce any of the above agencies or entities to make, purchase, insure, or guarantee the first mortgage on such Owner's Lot.

IN WITNESS WHEREOF, DECLARANT has set its hands and seals this 12th day of December, 2001.
